

Supplementary Figure S1. Semi-qRT-PCR and Southern blotting analysis of the transgenic tobacco plants. A: The expression levels of *TaODORANT1* in eight independent transgenic tobacco lines. **B:** Southern blotting analysis of the transgenic tobacco plants. Lane 1: Genomic DNA from WT line digested with *HindIII*. Lane 2-4: Genomic DNA from transgenic tobacco plants OE1, OE3, and OE12, respectively, digested with *HindIII*.
